21	Sofitel	0	8		-0.060	6	Forfeited Season

* Tie-breaker needed to determine final playoff seed

Top 16 teams make playoffs. Division winners will receive one of the top three seeds based on winning percentage. Regular season tie-breakers and playoff seeding will be determined according to (1) overall winning percentage, (2) head-to-head record, (3) record against playoff teams, (4) record against common opponents, (5) run differential against playoff teams, (6) run differential against common opponents, (7) coin flip

Important Note - Each regular season forfeit will result in a point deduction from your overall winning percentage in the amount of one hundredth of a point (.01). Point deductions because of forfeits will effect your winning percentage and may affect playoff seeding.
